## Option 2: Measure a Current Ring

For use with a ring. For the greatest accuracy, select a ring that fit your finger correctly.

1. Print out at 100% - make sure you do not select the 'scale to fit page' or 'shrink to fit page' option.
2. Check print size – the line below should measure 5cm.

3. Place ring over the circles opposite.
4. Find the circle which completely fills the inside of the ring without overlapping.

5. Your ring size is the letter shown within the circle.
6. If your ring falls between two sizes, order the larger.

This ring sizer is provided as a guide only. For the greatest accuracy, please have your finger measured by one of our staff.
